## Pattern Horse Racing

The National Saddle Clubs Association (NSCA) was established in January of 1965 as the first national organization of saddle clubs. The NSCA held its first national championship show in 1966, the first national saddle clubs show in the history of the nation.

The NSCA has adopted and will promote the sport of "pattern horse racing" referred to as O-Mok-See. This sport allows the entire family to compete and enjoy its horses together. The NSCA has adopted a set of pattern horse racing events for national competition. Competition is the very keenest, but with the greatest regard for sportsmanship and fair play.

Through standardized rules and regulations for pattern horse racing events, the NSCA is working to promote and cultivate cooperation and friendly relationships between saddle clubs throughout this nation, which is the prime purpose and objective of the NSCA.

This book is published to give saddle clubs a better understanding of the NSCA and to guide them in setting up their own rules and regulations.

## The O-Mok-See Prayer

Dear Lord-

We pause, mindful of the many blessings you have lain along our path. We don't ask for special favors, nor do we ask that the blessings granted our opponents be diminished. Instead, we thank you for allowing us to experience friendship in one of its truest forms. To be able to gather with friends and loved ones to pay tribute to the great sport of O-Mok-See.

We ask that you guide us up the greatest lane of all, and that you as our final judge, will allow us to ride once more, where the sun never sets and where happiness rides beside us and never behind.

For this dear Lord, we thank you.
